Sport Clips Haircuts

Headquartered in Georgetown, Texas, Sport Clips opened its first store in 1993 in Austin, Texas. Sport Clips CEO and founder, Gordon Logan, recognized there was a market niche in targeting just-for-guys hair salons. No longer would a guy have to enter a woman's salon with its smelly perms and hair colors. There's been a little tweaking, but the original concept of creating a "Championship Experience in an exciting sports environment" remains the cornerstone of Sport Clips.

The franchise ranks in Entrepreneur Magazines' top 20 "fastest growing franchises" and in the top 100 in the "Franchise 500", in the top 10 in Forbes' "Top 20 Franchises to Start", and in the top 50 in Dun & Bradstreet's AllBusiness.com "2012 AllBusiness AllStars."

Company Profile

SOME THINGS WERE MEANT FOR SUCCESS. SPORT CLIPS IS ONE OF THEM

Sport Clips is an original concept that combines sports, haircuts, and guy-centric marketing in a successful national franchise! The relaxed sports theme atmosphere and continuous sports broadcasts offer men and boys a rewarding experience they can't find anywhere else.

STEADY INDUSTRY GROWTH

Sport Clips has accounted for almost 50% of the growth in the franchise hair care salons (men and women) in the past three years. The Sport Clips concept is so popular they are opening over 160 new stores in 2012 and will hit their goal for 1,000 stores by late December.

THIS GREAT CONCEPT IS IN CANADA

Sport Clips new store design is rolling out nationwide. Brighter, bolder and more comfortable than ever, clients have responded to the new sports graphics and HDTVs with great feedback. In fact, individual store sales averages continue to climb regardless of the economy, plus Sport Clips can coexist with other unisex salons.
