SEEKING LOCATIONS ACROSS THE GTA

About

Founder, Lee Drescher, has always had a clear vision of wanting to offer a unique service to discerning and health conscious pet owners. Since the opening of the first location in 2008, The Bone & Biscuit Company has continually maintained the highest standards and quality of natural foods, supplies and accessories.

They define quality by evaluating the ingredients, manufacturing techniques and nutritional value of every product. Their product lines include only the finest quality raw, dry and canned foods, an abundant selection of natural treats, homeopathic supplements, unique artisan baked goods, clothing and a comprehensive range of boutique toys and general care items for everyday use.

The image shows the interior of a bakery. On the left, there are tall white shelves filled with various packaged goods, including boxes of cereal and bags of snacks. In the center, a white display case is filled with an assortment of baked goods, including cookies, pastries, and breads, each with a small black price tag. To the right of the display case, there is a large potted plant and a sign that says "BAKERY". The overall atmosphere is warm and inviting, with soft lighting and a clean, organized layout.
